## FINAL RESULTS OF THE CENSUS 2002

Population by national or ethnic groups, gender and age groups  
in the Republic of Serbia, by municipalities

### PREFACE

By issuing this Communication, Republic Statistical Office of Serbia officially starts publishing the final results of the Census of the population, households and dwellings in 2002, which refers to Central Serbia and AP Vojvodina. The census will take place in AP Kosovo and Metohia when all necessary conditions for its conduction are created.

Tables 1 and 3 show national and ethnic structure while tables 2 and 4 show the age and gender structure of the permanent population in Central Serbia and AP Vojvodina.

When using census results, it is necessary to point out that definitions of permanent population in 2002 cannot be compatible to the permanent population in 1991.

Permanent population by the definition from 1991 census includes the population in the country and the population temporarily employed abroad, as well as members of their families who accompanied them there.

In line with international recommendations, the 2002 census includes the population in the country, Yugoslav citizens who had been employed abroad for less than a year, as well as foreign citizens who had worked in Yugoslavia for more than a year and their family members.

Tables 3 and 4 show data by municipality on the territory of Central Serbia and AP Vojvodina. This data will soon be published on the level of settlements in "the book of the final results of the census". Before these papers are printed interested parties can use these data, taking them over from documentation tables or from magnetic media.

Finally, we wish to point out that the fact that the first set of tables containing final results of the census are published in the same year that census procedure itself was conducted represents a precedent in the history of Yugoslav censuses so far.

Belgrade, December 2002

DIRECTOR  
Zoran Jančić
